GUIDED GROUP SAFARIS

We offer a diverse range of Guided Group Safaris throughout
Southern Africa, East Africa and Madagascar.

These tours are expertly designed for travellers who want to see the highlights of a country, or in some cases multiple countries, with like-minded people. With set departure dates, these safaris are curated to make the most of the best game-viewing seasons, and are often more affordable than a tailor-made tour. Skilled guides provide valuable insight along the way and enable guests to experience the true beauty and allure of the African continent.

YOUR GUIDE

A professional guide leads the group throughout their journey. All our qualified guides have been carefully selected to provide an exceptional safari experience for our guests.

MEALS

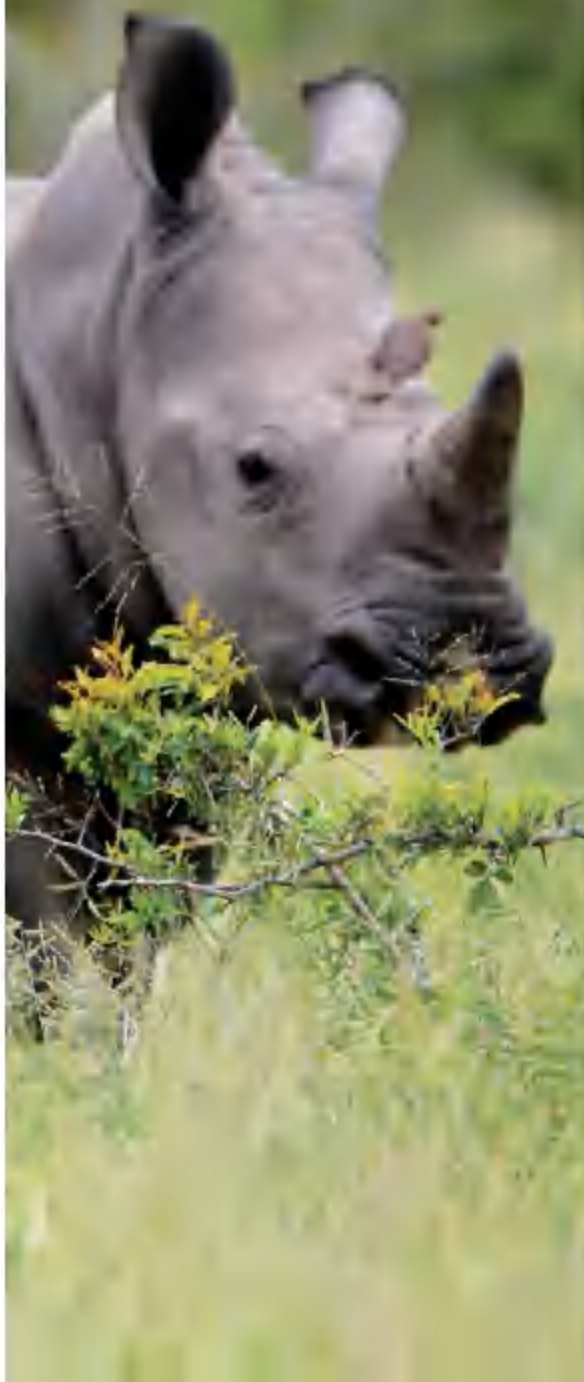

Most breakfasts and dinners are included and are provided by the lodges' restaurants. Lunches that are included will be either at the lodge or picnic lunch will be provided by the lodges. On some occasions, the guide may prepare a traditional open-air meal around the fire for a wonderfully authentic African experience.

ACCOMMODATION

Our Guided Lodge Safaris offer mid-range to slightly up-market African lodge accommodation in national parks, concessions and other places of interest. Accommodation is a mix of lodges, chalets, and tented chalets – all with private bathrooms. Wherever possible we use smaller, authentic lodges rather than big hotels for a more intimate experience.

PARK FEES AND ACTIVITIES

On some of our safaris an additional park or activity fee may apply. This fee will be payable prior to travel along with (and not included in) the main tour fare. Examples include entrance fees to national parks and other attractions, as well as for local guides or miscellaneous items such as fresh fruit from the markets we visit. This fee is indicated as **Park Fees and Activities** in the brochure under the tour's rates.

Seeing the wildebeest migration in East Africa is one of the most spectacular wildlife sightings in the world. We designed the itinerary to include all areas frequented by the migration on their annual route - this virtually guarantees that you will see them.

GUIDED GROUP SAFARIS

We offer a diverse range of Guided Group Safaris throughout
Southern Africa, East Africa and Madagascar.

These tours are expertly designed for travellers who want to see the highlights of a country, or in some cases multiple countries, with like-minded people. With set departure dates, these safaris are curated to make the most of the best game-viewing seasons, and are often more affordable than a tailor-made tour. Skilled guides provide valuable insight along the way and enable guests to experience the true beauty and allure of the African continent.

YOUR GUIDE

A professional guide leads the group throughout their journey. All our qualified guides have been carefully selected to provide an exceptional safari experience for our guests.

MEALS

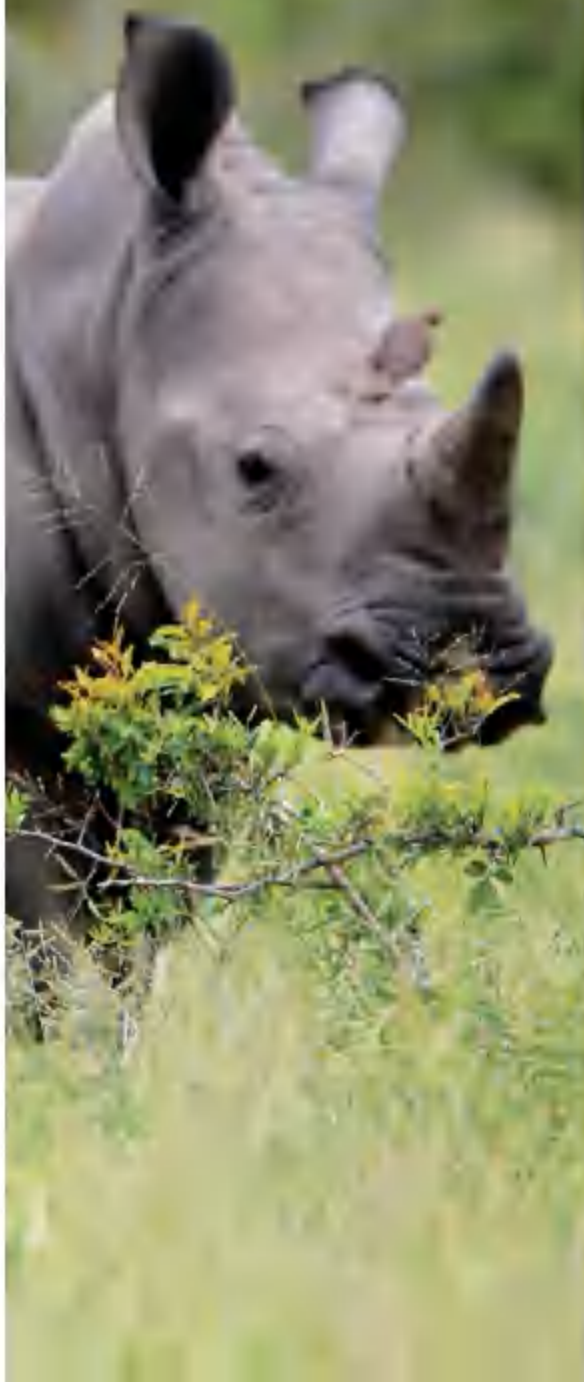

Most breakfasts and dinners are included and are provided by the lodges' restaurants. Lunches that are included will be either at the lodge or picnic lunch will be provided by the lodges. On some occasions, the guide may prepare a traditional open-air meal around the fire for a wonderfully authentic African experience.

ACCOMMODATION

Our Guided Lodge Safaris offer mid-range to slightly up-market African lodge accommodation in national parks, concessions and other places of interest. Accommodation is a mix of lodges, chalets, and tented chalets – all with private bathrooms. Wherever possible we use smaller, authentic lodges rather than big hotels for a more intimate experience.

PARK FEES AND ACTIVITIES

On some of our safaris an additional park or activity fee may apply. This fee will be payable prior to travel along with (and not included in) the main tour fare. Examples include entrance fees to national parks and other attractions, as well as for local guides or miscellaneous items such as fresh fruit from the markets we visit. This fee is indicated as **Park Fees and Activities** in the brochure under the tour's rates.

Seeing the wildebeest migration in East Africa is one of the most spectacular wildlife sightings in the world. Almost two million animals roam the plains of East Africa, but it can be surprisingly hard to find them in the vast area that they cover as their movement is governed by the rains and predicting their location can be a gamble.

We designed the itinerary to include all areas frequented by the migration on their annual route - this virtually guarantees that you will see them.
